SUMMARY

Fresh graduate in Information Technology with experience in software development, front-end web development, Android applications, and data analytics gained through academic projects and internship. Built user-centered systems including web applications, mobile apps, Unity-based solutions, and data dashboards for educational, healthcare, and business use cases. Motivated and detail-oriented, with a strong passion for developing functional, intuitive, and data-driven digital solutions while continuously learning new technologies.

TECHNICAL SKILLS

Languages: Java, JavaScript, PHP, SQL, XML

Front-end: HTML, CSS, Bootstrap

Mobile Development: Android Studio (Java/XML), Unity (C#)

Database: MySQL, SQL Server (SSMS)

Data Analytics: Power BI, Data Visualization, Dashboard Development, Data Reporting

Tools & Technologies: Android Studio, Figma, Unity, Visual Studio Code, Github

EXPERIENCE

IT / Data Analytics Intern

CANB Inc. | January 2026 – April 2026

- Designed and maintained relational databases using attendance and sales datasets
- Developed and optimized SQL queries for data extraction, validation, and reporting
- Processed, cleaned, and validated datasets to ensure data accuracy and consistency
- Conducted business process analysis to support Business Intelligence (BI) solutions
- Configured and managed Power BI dashboards and reporting systems
- Created interactive dashboards, data models, and reports for data-driven decision-making

PROJECTS

- **Front-End Developer - Nextplore**

A 3D interactive mobile application that helps incoming freshmen explore academic programs through assessments.

- **System Developer - PILLPAL**

A mobile medication reminder application designed to manage schedules, reminders, and intake tracking.

- **Front-End Developer - Beertud**

A point-of-sale system that streamlines sales transactions and improves payment processing efficiency.

EDUCATION

Bachelor of Science in Information Technology

STI College Lipa | 2022 – 2026

Senior High School – TVL – Information and Communication Technology

San Antonio National High School | 2020 – 2022

CERTIFICATION

SAP University Alliances – Introduction to S/4HANA using Global Bike | 2024

DATABIZ Conference – Data Science, Artificial Intelligence and Business Analytics | 2024

NCII – Computer System Servicing | 2022
